## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. The following is a statement of reasons for the indication of allowable subject matter: Claim 1 is allowable over the art of record because the prior art does not teach a mobile antenna comprising a center-fed, broadband, having a power matching circuit is connected between the dipole radiator and the coupler assembly to maintain an effective balance of current distribution and impedance in conductive elements of the antenna, and in combination with the remaining claimed limitations.
2. Claim 9 is allowable over the art of record because the prior art does not teach an antenna adapted to be removably mounted to a vehicle, the antenna comprising a center-fed, broadband, having a power matching circuit is connected between the whip and the coupler assembly to maintain an effective balance of current distribution and impedance in conductive elements of the antenna, and in combination with the remaining claimed limitations.
